

# W 61

Code No.: T0056103699N

## Benefits

- > 60 W, 230 V
- > Magnastat controlled

In addition we recommend:

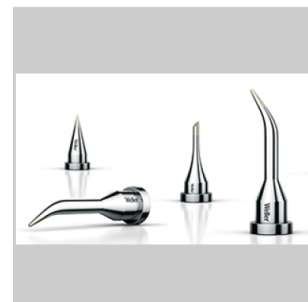

Fume extraction devices

Preheating plates

Cleaning Consumables

Soldering Tips

## Technical Data

Active Tip Heating element technology	---
Power Response Heating element technology	---
Silver Line Heating element technology	---
Voltage	230 V AC
Heating output	60 W
Tip family	CT5 (LT, PT)
Power unit	---
WX compatible	---
Temperature range °C	370°C
Temperature range °F	698°F
Heat-up time	tbd
Safety rest	---
Safety rest (optional)	---
Barrel	---
Integrated tip extraction	---
