

WT2M 2-Channel Soldering Station

The WT2M is the latest addition to Weller's high performance WT Line which offers best-in-class solutions, maximum versatility, and a wide assortment of tips and accessories.

> Weller's patented active tip technology

Compatible with microtools, and more!

Packing 150 W of power, the multifunctional 2-channel WT 2M soldering station is backwards compatible with Weller's microsoldering cartridge tip tools, plus many existing passive tip tools providing high performance, easy handling, and long tip life.

- > Supporting a wide range of tools using standard passive tips (combined tool power up to 200w)
- > Best in class portfolio to get the right tool for your application ([link to toolfinder](#))
- > Providing high performance while controlling the costs

Features and Benefits

- > Up to 150 W power
- > Powers 2 irons with a combined power of 200 Watts
- > Best in class - attractive price/performance ratio
- > Maximum versatility: backwards compatible with existing soldering tools
- > Comprehensive range of accessories
- > Connectable to Zero Smog®TL filtration units (WT Hub needed)

Technical Data

Dimensions L x W x H	150 x 130 x 101 mm
Weight	2.92 kg
Power supply	230 V / 50 Hz
Power	150 W
Temperature range	100°C– 450°C
Temperature accuracy	+/- 9°C
Temperature stability	+/- 2°C
ESD safe	yes

WT 2M Soldering Unit & Sets

Order no.	Description	List Price
T0053443699	WT2M, 230V Unit	379.00 €
