

Pyropen Jr.

Code No.: T0051607599

Benefits

- › Manual ignition
- › Pen shape

In addition we recommend:

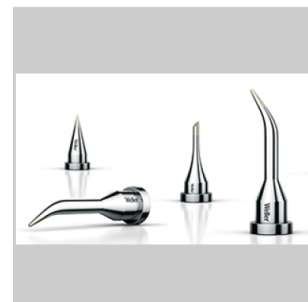

Fume extraction devices

Preheating plates

Cleaning Consumables

Soldering Tips

Technical Data

Active Tip Heating element technology	---
Power Response Heating element technology	---
Silver Line Heating element technology	---
Voltage	---
Heating output	---
Tip family	71-xx
Power unit	---
WX compatible	---
Temperature range °C	tbd - 450
Temperature range °F	tbd - 842
Heat-up time	---
Safety rest	---
Safety rest (optional)	---
Barrel	---
Integrated tip extraction	---
